SUMMARY

I'm a Brazilian, a husband, a father of two, and a passionate software engineer.
I've been working for companies from different sizes, cultures, countries and continents.
I love to create solutions and to learn new technologies.
What keeps me moving is seeing how impactful my solutions can be.
Currently I'm building and maintaining backend infrastructure for a Dutch telecom called KPN.

SKILLS

Programming languages: Python, PHP, Javascript, Solidity, Dart, Java, C, C++.
Frameworks: Django, Django Rest Framework, Symfony, CakePHP, CodeIgniter.
CI/CD: Git, Jenkins, Docker, Kubernetes.
Web Development: HTML, CSS, SCSS, Angular, Vue.js, Material Design, Bootstrap, Gulp, Webpack, Parcel.
Hosting: AWS, Google Cloud, Microsoft Azure.
